Immediate Joiner | Open to Mid-Level Laravel Backend Developer Opportunities

PROFESSIONAL SUMMARY

Laravel Backend Developer with 3+ years of experience developing and maintaining web applications and RESTful APIs using Laravel, PHP, and MySQL. Experienced in payment gateway integrations, role-based access control (RBAC), authentication systems, transaction management, and third-party API integrations. Worked on fintech and government-sector applications involving customer management, account operations, financial workflows, and process automation. Proficient in Laravel, PHP, MySQL, Git, Linux, and API development. Currently strengthening expertise in Docker, CI/CD pipelines, AWS cloud services, and deployment automation through continuous learning and personal projects.

TECHNICAL SKILLS

Backend: Laravel, PHP, CodeIgniter, MVC Architecture, REST APIs	Database: MySQL, DB2, Query Optimization, Database Design
Frontend: HTML5, CSS3, JavaScript, Blade, Livewire, React.js (Basic)	API Integration: REST APIs, Webhooks, PayU, Cashfree, Eko
Tools: Git, GitHub, Postman, Composer, Linux, Cron Jobs	DevOps & Cloud: Docker, GitHub Actions, CI/CD Concepts, AWS (Learning)
Practices: OOP, RBAC, Authentication, Authorization, API Security	AI Productivity: ChatGPT, Claude, Gemini, DeepSeek

PROFESSIONAL EXPERIENCE

Professional Development & Technology Transition — Personal Projects (dentivo.in & keravibes.com)

Feb 2026 – Present

- Building Laravel-based web applications to strengthen expertise in modern backend development, deployment automation, and cloud technologies.
- Developed dentivo.in using Laravel and Livewire for healthcare directory management, SEO-focused landing pages, and appointment enquiry workflows.
- Developed keravibes.com as a content publishing platform featuring article management, landing pages, and digital product delivery capabilities.
- Implementing Git-based workflows and source control best practices.
- Exploring Docker-based containerized development and CI/CD deployment pipelines.

- Learning AWS services including EC2, S3, IAM, and deployment strategies.
- Leveraging AI tools for prototyping, debugging, documentation, and productivity improvements.

Assistant Manager (Backend Developer) — ADSS Pvt Ltd

Jan 2023 – Jan 2026

- Developed and maintained Laravel-based backend modules for a prepaid card fintech platform supporting multiple user roles and financial services.
- Integrated PayU, Cashfree, Eko, and Transcorp APIs for transaction processing and wallet operations.
- Implemented KYC verification workflows, RBAC, onboarding, settlement processes, and transaction tracking.
- Developed features for money transfer, bill payments, wallet management, and card services.
- Optimized database queries and backend workflows to improve performance and reliability.

Project Engineer (Contract) — National Informatics Centre (NIC)

Jul 2018 – Dec 2021

- Worked on Treasury Savings Bank systems for government banking and account management operations.
- Developed customer creation, account creation, fixed deposit management, and interest calculation modules.
- Maintained backend modules using PHP and DB2 for transaction processing and reporting workflows.

PHP Developer — SANS IT Consultancy

Apr 2017 – Apr 2018

- Developed backend modules for HRMS applications using Core PHP and MySQL.

CORE COMPETENCIES

- Laravel Development • PHP Development • REST API Development
- Payment Gateway Integration • MySQL Database Design
- Authentication & Authorization • RBAC
- Backend System Development • API Integration
- Git Version Control • Docker Fundamentals
- CI/CD Concepts • AWS Cloud Fundamentals • Linux Administration

KEY PROJECTS

- **dentivo.in** – Laravel, Livewire, MySQL, SEO Landing Pages, Clinic Directory.
- **keravibes.com** – Laravel, Content Publishing, Digital Products, Payment Integration.
- **MyDop** – Laravel, PHP, MySQL, REST APIs, PayU, Cashfree, Eko, Wallet Operations.
- **Treasury Savings Bank System** – PHP, DB2, Banking Operations, FD Management.
- **HRMS Application** – Core PHP, MySQL, Employee & Leave Management.

EDUCATION

Master of Computer Applications (MCA) — VTU University, 2015

Bachelor of Computer Applications (BCA) — Mangalore University, 2012
